

August 28, 2023

Councilman Omar Narvaez
1500 Marilla Street
Dallas, Texas

Dear Councilman Narvaez,

We are requesting that you initiate the amortization process that will lead to an expedient removal of the GAF asphalt shingle manufacturer from our community. This non conforming use has caused and continues to cause adverse impact in our neighborhood. It is unacceptable that we do not have clean air to breathe.

You stated several times that amortization is not off the table and is still available if the community and GAF were unable to find resolution to the exit terms. We are turning to you to fulfill your promise and duty to protect the people of West Dallas.

Attached you will find the names of residents in our neighborhood who, to date, are asking you to please amortize GAF. The list includes 100% of the people who live immediately west of GAF, the majority of people who live immediately east of GAF, residents at DHA's Kingbridge Crossing, tenured and brand new residents in the Muncie/Vilbig area, and includes a few businesses as well. Additionally Dallas Housing Finance Corporation Director for District 6 Tatiana Farrow and the La Bajada Neighborhood Community Association have also joined us in solidarity for this petition.

Thank you in advance for taking immediate action to address the City's racist legacy of environmental injustice in West Dallas. We look forward to you doing what is right.

Sincerely,

Singleton United/Unidos

Janie Cisneros
